

FIRST Robotics Team 4909
Billerica Bionics
Billerica Memorial High School

Dear Potential Sponsor,

We are Billerica, Massachusetts' FIRST® Robotics Competition (FRC) Team 4909. We are a small group of highly motivated Billerica Memorial High School students who, with the help of generous mentors, are seeking to educate ourselves through hands-on, direct experience in the fields of mechanics, electronics, robotics, and motion control software. Our team operates as a small business, giving us insight into fields such as marketing, sales, accounting, and media production, with an added emphasis on personal integrity and a smart work ethic. We are counting on these experiences to help us select a career path that will enrich our lives and the lives of those around us.

As a seventh-year team for the 2020 FRC season, we are all for learning about engineering and building robots. Not only do we build award-winning robots and learn important lessons about engineering and teamwork, but we also spread the word of STEM (Science, Technology, Engineering, and Mathematics) and the message of FIRST: to bring technological opportunity and knowledge to every student, as well as cooperating while we compete, Coopertition™. We did very well this past year, competing at a high level in several events in Massachusetts and Michigan. While we have experienced early success, we still have a long way to go and believe our future is bright.

Highlights from FRC Team 4909's History

- 2015, 2018, 2019 FIRST World Championship qualifier
- 2017 Battle of the Bay Champions
- One of only 12 teams (out of 200) in New England to qualify for New England Championship every year
